Professional Summary

I'm a motivated full-stack web developer, specializing in PHP, CodeIgniter, Laravel and MySQL. On the front-end side, I am well-versed in React and Vue.js, two of the most popular JavaScript libraries and frameworks

Experience

Avtohesab (2 years)

I use the CodeIgniter 3 framework to develop and maintain web applications. My responsibilities include writing MySQL queries proficiently and using Bootstrap and jQuery for front-end development.

Education

Code Academy

Having completed the Full Stack Developer program with 95 grade, I have acquired a proficient understanding of advanced frontend technologies like material UI, husky, esLint, RTK Query.

ABB Innovation

I've acquired proficiency in React, Typescript, Node, TypeORM, PostgreSQL and Socket.io.
